GEST Europe 2017 - Scientific Programme Overview

Wednesday, May 31

- **101** Coils and plugs
- *Break*
- **201** Trauma
- **202** HCC
- *Break*
- **Satellite Symposia**
- *Break*
- **401** Imaging
- **402** Radioembolisation dose calculation, mapping and follow-up
- **403** Embolisation of bronchial and pulmonary artery
- **HoW 1** Coils and plugs
- **HoW 2** Coils and plugs
- *Break*
- **501** GU embolisation
- **502** Management of complex HCC
- **HoW 3** Coils and plugs
- *Break*
- **Satellite Symposium**

Thursday, June 1

- **701** Liquid embolic agents
- **702** Fibroid embolisation
- *Break*
- **801** Vascular and lymphatic malformations
- **802** GI haemorrhage
- *Break*
- **Satellite Symposia**
- *Break*
- **1001** Chest
- **1002** Management of complex visceral aneurysms
- **1003** Varicoceles and pelvic congestion
- **HoW 4** Liquid embolics
- **HoW 5** Liquid embolics
- *Break*
- **1101** Abdominal embolisation
- **1102** Management of complex AVM
- **HoW 6** Liquid embolics
- *Break*
- **Satellite Symposium**

Friday, June 2

- **1301** Particles and gelfoam
- **1302** Portal hypertension and portal venous embolisation
- *Break*
- **1401** Prostate artery embolisation
- **1402** Endoleaks
- *Break*
- **Satellite Symposia**
- *Break*
- **1601** Visceral aneurysms
- **1602** Complex UFE
- **1603** Prostate artery anatomy
- **HoW 7** Particles and gelfoam
- **HoW 8** Particles and gelfoam
- *Break*
- **1701** Women's health
- **1702** Solid organ trauma
- *Break*
- **Satellite Symposium**

Saturday, June 3

- **1901** Morbidity and Mortality
- *Break*
- **2001** Embolisation of liver metastatic cancer and cholangiocarcinoma
- **2002** Vanguard embolisations
