H. van Overhagen

# ESIR 2018 Course

### Who should attend?

The course gives experienced physicians the opportunity to fine-tune their practical skills and learn more about current treatment options for this difficult disease. At the same time, physicians with less experience in stroke management will have the opportunity to improve their knowledge.

### What will you learn?

- Diagnosis, current research and treatment options
- Review of materials available
- Safe & effective use of medical technologies
- How to avoid & manage complications
- How to set up a stroke unit

### City Description

As the birthplace of the Italian Renaissance, the Tuscan city of Florence offers some of the greatest artistic treasures in the world. Main sites include a range of museums, churches and palaces, not forgetting the Santa Maria del Fiore cathedral, which dominates the landscape of the city with its stunning 600-year-old beauty. Enjoy a panoramic view of the scenic city from atop the San Miniato al Monte, the oldest church in Florence. Take a stroll through the beautiful Boboli Gardens and enjoy the collection of statues and fountains along the way. Finally, don't miss out on haggling opportunities at the San Lorenzo market, which is full of fresh, local delicacies.

 F. Fanelli, Florence (IT)  
 R. Gandini, Rome (IT)  
 K. Hausegger, Klagenfurt (AT)  
 S. Mangiafico, Florence (IT)  
 P. Mordasini, Bern (CH)  
 H. van Overhagen, The Hague (NL)

## Registration Fees

### Early Registration Fees

(until 8 weeks prior to the course date)

Course Registration – Single €550  
 Course Registration – Team\*\* €800  
 CIRSE Member – Single €350  
 CIRSE Member – Team\*\* €500  
 Nurse/Radiographer Non-Member\* €280  
 Nurse/Radiographer Member\* €210

### Late Registration Fees

(less than 8 weeks prior to the course date)

Course Registration – Single €700  
 Course Registration – Team\*\* €1100  
 CIRSE Member – Single €450  
 CIRSE Member – Team\*\* €700  
 Nurse/Radiographer Non-Member\* €380  
 Nurse/Radiographer Member\* €310

\* Registrations must be accompanied by a confirmation of this status signed by the head of the department.

\*\* Upon approval, (interventional) radiologists attending the course may bring with them a colleague from the same hospital but a different medical specialty, with whom they work together in a multidisciplinary team which is relevant for the treatment of the patient. These two physicians will then be able to attend the ESIR course under the "Team Fee". Just choose the "Team Fee" and contact registration@esir.org with details regarding your non-IR colleague.

Reduced CIRSE Member Registration:  
 Only available for members of CIRSE (Cardiovascular and Interventional Radiological Society of Europe) in good standing.
