Course

Who should attend?

Organised and led by renowned experts, the intra-arterial liver therapy training course gives experienced physicians the opportunity to fine-tune their practical skills and learn more about current treatment options for routine, as well as technically challenging, cases. Treatment strategies will be discussed to help attendees to participate in tumour boards.

What will you learn?

- Diagnosis, classification, treatment algorithms and treatment options
- Review of materials available
- Safe & effective use of medical technologies
- How to avoid & manage complications
- How to participate in a tumour board

City Description

Located just eight kilometres from the centre of Paris, Villejuif offers a rich historical experience through its architectural heritage. With just 56,800 inhabitants, the city stays lively and vibrant with many cultural attractions and entertainment possibilities. Enjoy a delicious French meal at any of the wonderful restaurants Villejuif has to offer and then hop on metro line 7 to explore the capital with its instantly recognisable architecture, chic boutiques and numerous museums. At this time of year, don't forget to stop by the Christmas markets (Marché de Noël) to enjoy the food and drinks, and pick up presents for friends and family. You won't want to miss the festive lights illuminating the historical streets of this elegant city.

Programme

Thursday, December 13, 2018

- 08:00-08:30 Registration
08:30-09:00 Welcome
TACE for HCC
09:00-09:30 HCC overview of staging systems (BCLC, HKLC, others)
09:30-10:00 TACE in HCC: Patient selection to maximise outcomes and avoid complication
10:00-10:20 TACE HCC: Rationale to combine with systemic therapies, results and possible future development
10:20-10:40 Is there any indication for TACE in advanced HCC patients?
10:40-11:00 **Coffee break**
TACE for Liver Metastases
11:00-11:30 TACE for NET: Patient selection, treatment outcomes and systemic competitors
11:30-12:00 DEB-TACE for other metastases (colorectal, breast, ...): Patient selection, technical points, treatment schedule and follow-up, systemic competitors
TACE Technique
12:00-12:15 Conventional TACE is better
12:15-12:30 Drug eluting microspheres TACE is better
12:30-14:00 **Lunch**
TACE in Clinical Practice
14:00-14:30 TACE for HCC in clinical practice: Treatment schedule, clinical and biological follow-up. When to stop? When to retreat?
14:30-15:00 How to evaluate response to TACE: RECIST, mRECIST, rRECIST, Choi?
15:00-15:50 TACE: Lesson learned from the worst complication I ever had
15:50-16:00 Discussion
16:00-16:20 TACE + Ablation: For who, when, and how?
16:20-16:50 **Coffee break**
16:50-17:10 Balloon TACE: A new kid on the block
17:10-17:30 TACE or TARE: An honest appraisal, how to select patient and treatment?
The future of TACE
17:30-17:45 New drugs: Sunitinib? Vandetanib?
17:45-18:00 New drugs: Idarubicin?
18:00-18:15 Drugs are old fashioned: Suicide genes

Friday, December 14, 2018

- 09:00-12:30 **Live cases**
Live case #1: C-TACE
Live case #2: DEB-TACE
Live case #3 (according to programming)
12:30-14:00 **Lunch**
14:00-16:00 **Hands-On Workshops**
• Liver arterial anatomy relevant to intra-arterial therapies
• Tips and tricks for C-TACE: Emulsions, embolic, catheter
• Drug eluting microspheres: Are they all the same? What are the differences? How do I use them?
• Cone beam CT: Useful or gimmick? When and how to use it

Faculty

I. Bargellini, Pisa (IT)
T. de Baère, Villejuif (FR)
A. Denys, Lausanne (CH)
F. Deschamps, Villejuif (FR)
B. Guiu, Montferrier sur Lez (FR)
T. Jakobs, Munich (DE)
O. Pellerin, Paris (FR)
M. Ronot, Clichy (FR)
L. Tselikas, Villejuif (FR)

Registration Fees

Early Registration Fees (until 8 weeks prior to the course date)

Course Registration – Single €550
Course Registration – Team** €800
CIRSE Member – Single €350
CIRSE Member – Team** €500
Nurse/Radiographer Non-Member* €280
Nurse/Radiographer Member* €210

Late Registration Fees (less than 8 weeks prior to the course date)

Course Registration – Single €700
Course Registration – Team** €1100
CIRSE Member – Single €450
CIRSE Member – Team** €700
Nurse/Radiographer Non-Member* €380
Nurse/Radiographer Member* €310

* Registrations must be accompanied by a confirmation of this status signed by the head of the department.

** Upon approval, (interventional) radiologists attending the course may bring with them a colleague from the same hospital but a different medical specialty, with whom they work together in a multidisciplinary team which is relevant for the treatment of the patient. These two physicians will then be able to attend the ESIR course under the "Team Fee". Just choose the "Team Fee" and contact registration@esir.org with details regarding your non-IR colleague.

Reduced CIRSE Member Registration:

Only available for members of CIRSE (Cardiovascular and Interventional Radiological Society of Europe) in good standing.

Venue

Institut Gustave Roussy
Camille Desmoulins
94805 Villejuif
