

Sunday, April 22

Monday, April 23

Tuesday, April 24

Wednesday, April 25

09:00	CF 101 Colorectal cancer in 2018				CF 801 Intrahepatic cholangiocarcinoma				CF 802 Understanding tumour biology				MTB 1501 Kidney cancer				CF 1502 Immunotherapy in 2018				CF 2101 Kidney tumours				CF 2102 The role of local tumour treatment in oligometastatic disease: time for an honest conversation											
10:00	Break								Break								Break								Break											
11:00	CF 201 Immunotherapy: how does it work		TF 202 Image guidance: case-based discussion		TA-HDT 1 Tumour ablation – Radiofrequency		HL 901 Honorary Lecture				TA-HDT 3 Tumour ablation – Microwave				SED-HO 1 Safe sedation application during IR procedures				CF 1601 MSK: curative treatment		CF 1602 Safety belts and airbags: complications and how to avoid them		TA-HDT 5 Tumour ablation – Cryoablation and laser ablation		SED-HO 4 Safe sedation application during IR procedures				MM 2201 Morbidity & Mortality Conference							
12:00	SY 301 Satellite Symposium								SY 1001 Satellite Symposium								SED-HO 2 Safe sedation application during IR procedures								SED-HO 5 Safe sedation application during IR procedures											
13:00	SY 302 Satellite Symposium								SY 1002 Satellite Symposium								SY 1701 Satellite Symposium								SY 1702 Satellite Symposium											
14:00	SY 302 Satellite Symposium								SY 1003 Satellite Symposium								CF 1801 MSK: palliative treatment								VL 1802 How I do it		TA-HDT 6 Tumour ablation – Image guidance		SED-HO 6 Safe sedation application during IR procedures		MSK-HO 3 Bipolar RF ablation in the mgmt of spinal mets					
15:00	CF 401 Colorectal cancer: role of locoregional therapies		CF 402 Recent developments		TA-HDT 2 Tumour ablation – Radio-frequency		MSK-HO 1 Bipolar RF ablation in the mgmt of spinal mets		CF 1101 Lung metastases		CF 1102 HCC in 2018		TA-HDT 4 Tumour ablation – Microwave		SED-HO 3 Safe sedation application during IR procedures		MSK-HO 2 Bipolar RF ablation in the mgmt of spinal mets		CF 1801 MSK: palliative treatment				VL 1802 How I do it		TA-HDT 6 Tumour ablation – Image guidance		SED-HO 6 Safe sedation application during IR procedures		MSK-HO 3 Bipolar RF ablation in the mgmt of spinal mets							
16:00	Break								Break								Break								Break											
17:00	CF 501 Neuroendocrine liver metastases		TF 502 Tips and tricks: case-based discussion		BC 503 MSK in oncology – Fundamentals of IO in bone and image-guided biopsy		CF 1201 IO in HCC: clinical practice				MTB 1202 Primary lung cancer and metastases				BC 1203 MSK in oncology – Percutaneous ablation of bone and soft tissue lesions				CF 1901 Follow-up imaging after intervention: towards consensus		FP 1902 Free Paper Session		BC 1903 MSK in oncology – Spinal intervention: interventions in vertebral body compression fractures (VBCF)													
18:00	SY 601 Satellite Symposia								SY 1301 Satellite Symposia								SY 2001 Satellite Symposia								BC 1903 MSK in oncology – Spinal intervention: interventions in vertebral body compression fractures (VBCF)											
19:00	SY 601 Satellite Symposia								SY 1301 Satellite Symposia								SY 2001 Satellite Symposia								BC 1903 MSK in oncology – Spinal intervention: interventions in vertebral body compression fractures (VBCF)											

- BC:** Basic Course
- CF:** Clinical Focus Session
- HDT:** Hands-on Device Training
- MSK:** Hands-on Training
- MTB:** Multidisciplinary Tumour Board
- SED:** Hands-on Training
- TF:** Technical Focus Session
- VL:** Video Learning Session

-  e-voting
-  Sessions include lectures that are recommended for EBIR preparation
